THE
HUNTER PRESS
PRINT STUDIO

All of our products are designed in-house and printed on our vintage Heidelberg Windmill Presses using photopolymer plates. Using only the finest papers and hand mixed inks, each card is printed and assembled within our Highland Perthshire cottage print studio. Due to the handmade nature of letterpress printing, slight variations in ink coverage, colour and registration are possible and are all part of the letterpress process.

All items are packaged within a cellophane sleeve and Wall Prints are branded with a small company label to the reverse.
